## **About CMDS**

Established in 2008, Clinic Management and Development Services (CMDS) offers management and consulting services for behavioral health programs in Maryland. In addition, we provide housing and support services at Fayette House, residential treatment facilities in Baltimore that offer comfort and care for adult men and women suffering from substance use disorders. CMDS is accredited by CARF (Commission on Accreditation of Rehabilitation Facilities), considered to be the gold standard for accreditation in behavioral health and rehabilitation services.

### **Want proof of CMDS' success? Read on:**

Working with an existing inner-city Baltimore-area clinic, CMDS created state-of-the-art custom software that revolutionized all areas of the clinic's operations and transformed it into an efficient and profitable enterprise that serves nearly 2,000 patients every day.
